

<u>For Windows users</u>: Please perform the steps below if you cannot see the information, waveform and video output on the DDJ-RZX.

1. If the following "Windows Security Alert" dialog box is displayed when rekordbox is launched:

💣 Windows Sect	urity Alert		$\times$		
💮 Windo	ws Firewal	l has blocked some features of this app			
Windows Firewall h	as blocked some	e features of rekordbox program file on all public and private			
	Name:	rekordbox program file			
9	Publisher:	r: Pioneer DJ Corporation			
	Path:	C:\program files\pioneer\rekordbox 4.2.0\rekordbox.exe			
Allow rekordbox program file to communicate on these networks: Private networks, such as my home or work network Public networks, such as those in airports and coffee shops (not recommended because these networks often have little or no security) What are the risks of allowing an app through a firewall?					
		Allow access Cancel			

- Tick the checkbox of "Public networks..." and then click "Allow access".

## 2. If the "Windows Security Alert" dialog is NOT displayed when rekordbox is launched:

Go to the firewall settings according to the procedure described below.

### 2.1 Launch "Windows Firewall".

```
Control panel \rightarrow System and Security \rightarrow Windows Firewall
Or
Control panel \rightarrow Windows Firewall
```

### 2.2 Open the "Windows Firewall with advanced settings".

a. Click "Advanced settings" after the "Windows Firewall" window is displayed.

	Windows Firewall			—
